WHERE TONE BEGINS

CHARACTER

The mark is a **cross fleury** (cross botonnée), a heraldic cross where each arm terminates in a trefoil bud.

Used historically by craft guilds and instrument makers. Bold, symmetrical, and immediately recognisable at any scale.

AVOID

Rotating the mark. Stretching or distorting. Placing on low-contrast backgrounds without adjustment.

TYPOGRAPHY

BRAND TYPEFACE

Luthia

Where tone begins

Cormorant · Light Italic

Used exclusively for the word-mark and tagline. High-contrast serif with calligraphic origins. The italic cut is the primary brand expression. never use upright for brand contexts. Google Fonts, free.

INTERFACE TYPEFACE

IBM Plex Sans

Products · Build Planner · Species · Vendors

149.00 SEK · Fretboard Blank · 6×50×450mm

IBM Plex Sans + IBM Plex Mono

All UI text, labels, navigation, and body copy. Mono variant for prices, dimensions, and data values. Clear contrast between the expressive brand typeface and the precise UI system. Both are Google Fonts, free.

BRAND COLOURS & THEME SYSTEM

Beeswax
#f5c842
Pale honey yellow. Bright and energetic. Named for the beeswax used to lubricate nut slots and frets.

Amber
#e6a817
Warm amber gold. The default theme, rich contrast on dark backgrounds. Named for the resin used in traditional varnishes.
DEFAULT

Maple
#c97c2a
Warm deep gold. Named for Hard Maple, one of the most widely used tone woods for necks and fretboards.

Mahogany
#b5622a
Reddish brown. Named for the iconic body wood. Warm, resonant, classic. The darkest and most wood-like of the themes.

Spruce
#d4a574
Sandy cream. Named for Sitka Spruce, the quintessential soundboard wood. Soft, refined, the most subtle theme.
